Adjutant

The Captain's Greeting —

My Comrades:

I welcome the opportunity which this annual event affords, to express to the Officers, Sergeants and members of the Company, my deepest appreciation of the cordial spirit of co-operation which has been manifested throughout this administration.

We are living in a most important year. Never before in all history has a military organization in this hemisphere been privileged to celebrate the 300th Anniversary of its chartered existence. It commands national attention. The program already set up by the General Committee having this matter in charge, will, I believe, adequately and impressively record the varied activities and glorious history of the Company. We all hope it will make the same impression on our visiting English comrades that their celebration last summer made on all our members who were privileged to participate in it.

The ranks of the Company should be filled to the limit for this great event. Old members should return to the colors. No occasion ever offered so great an inducement for new and desirable members.

Every Commander is, so far as I have observed, been proud of his Sergeants. I particularly have every reason to be, for none that I can recall have shown greater initiative or more conspicuous ability to carry their plans through to a successful conclusion. The reception arranged for the returning pilgrims from Europe and their loyal support given by the Sergeants and members in the trying circumstances attending the St. John Field Day will not be soon forgotten.

I have faith in a continuance of this spirit and that June 6th will mark the close of the most eventful year in the history of the Company.

Let us ever remember that we are seeking quality and not quantity, and always keep in mind the motto:

"Set a Watch — Lest the Old Traditions Fail"

Sincerely,

LIEUT.-COL. CHARLES T. CAHILL,

Captain Commanding.

ACKNOWLEDGMENTS

The 1937-1938 Sergeants desire to express their appreciation to the Officers of the "Old Corps" for their timely suggestions and material help; also to those Comrades who contributed to the "Who's Who" column in this program, and to the members who, by their presence at this Banquet, contributed so much to its success.

We also desire to express our thanks to Mr. James Harper, of the Massachusetts Guernsey Breeders' Association for the Bulls used in this show tonight.

We wish you all a very "GLAMOROUS NIGHT IN MADRID."
